RE: Docket No. 031082-TL, BellSouth Telecommunications Inc. (BellSouth) Petition for Expedited Review of a Growth Code Denial by NANPA for Cocoa Beach (Cocoa Beach Main).

JVM 588
COB

On December 1, 2003, BellSouth filed a petition requesting that the Commission overturn NANPA's decision to deny a growth code in the Cocoa Beach Main switch (CCBHFLMADS0) located in the Cocoa Beach rate center. In accordance with Commission Order PSC-01-1973-PCO-TL (Docket No. 010782-TL), which approved an expedited process for code denials, we have examined the BellSouth petition, along with the confidential supplemental information, and have determined the following:

- 1) The carrier has demonstrated that it has a specific customer in need of immediate numbering resources;
- 2) The carrier has shown that it will be unable to provide services to the potential customer because of NANPA's denial of numbering resources; and
- 3) The potential customer cannot obtain service from the provider of its choice because the carrier does not have numbers available to fulfill the customer's needs.

Since the three required criteria of Order PSC-01-1973-PCO-TL have been met, please prepare an administrative Proposed Agency Action (PAA) Order to be issued within seven business days of this memorandum (December 22, 2003) as outlined in the expedited code denial process order. NANPA should be directed to provide BellSouth the needed numbering resources to meet its customer's needs in the Cocoa Beach Main switch (CCBHFLMADS0), specifically, an NXX of ten thousand numbers, since this is not a pooling area. The BellSouth customer has requested five hundred consecutive numbers in any format other than NXX-8 or 9, in order to meet their dialing patterns. Please be sure to allow staff assigned to the docket to review the Order before it is issued. If you have any questions, please call James Maduro Jr. at 413-6510.
