Comments:

I have been following news of Floridas Largest Private Supplier of Water is Selling out its Systems to another Co. I also read they filed as a non-profit Org. my question is how can you file in middle of court inqiriery? Are they saying they will not profit from the sale of the Services it wishes to sell?I think you may find they used companies owned by Primary Co.that made profit from Maint. on Water/WasteWater Systems. Raising hookup fee's and having control of Fee's in future will cost the Public more money. Question do you think the Public should get the Service it is Paying for? and should be able to deside who should Provide that Service for them ?

In my oppinion each Area should have a say in thier Water Service Provider if another is available.Should the Public have a choice in Service ? I think its the Public paying for it and should be able to have that choice.
