Subject: Party of Record/Certificate of Service

Dear Ms. Davis,

This letter is to provide BellSouth's Party of Record/Certificate of Service information to the personnel in your division. With the changes in personnel handling legal document filings and notices for the Florida Public Service Commission, and with the numerous locations of BellSouth, there is sometimes confusion as to which BellSouth address should be used when serving documents or sending notices. BellSouth's local Tallahassee office is the "official service" location for docketed and undocketed matters. This address is:

Nancy B. White, Esquire
BellSouth Telecommunications, Inc.
c/o Ms. Nancy H. Sims
150 So. Monroe Street
Suite 400
Tallahassee, Florida 32301-1556

The attorney name may be different depending upon the case involved, but the Tallahassee address should always be used. If this address is not used, then it is difficult to determine the proper response timeframe.

I would appreciate your help in providing this information to your staff as we have recently had filings and notices sent directly to Miami and to Atlanta. If you have any questions, please let me know.

Thank you.

Yours truly,

Nancy H. Sims

Dear Mr. Tudor:

RE: Standalone Universal DSL

The Florida Public Service Commission has inquired on the availability of a market priced DSL service that would be available to customers who are not BellSouth's voice customers. I am writing to advise that BellSouth intends to offer a wholesale tariffed standalone DSL service (similar to SDSL or G.SHDSL) to Internet Service Providers (ISPs) for the purpose of providing DSL based Internet access service to residential and business end-users. This product is designed to benefit end-users who are not BellSouth retail or resale voice customers, including UNE CLEC or wireless customers. The product would also be available for existing BellSouth FastAccess DSL customers who convert to another voice provider. This new product offering will be added to our other tariffed DSL wholesale products.

As with all broadband services, this is a highly competitive product offering. Therefore, certain details of the offering will be finalized at the time of the filing. However, given the interest in Florida, we are open to providing an overview of the technical and economic terms to other participants in the Florida Competitive Issues Forum ("Collaborative"). I am therefore copying this letter to the Collaborative mailing list to make the participants aware of the decision and to determine interest in including this product in a Collaborative session.

Sincerely,

Re: April 19, 2002, Letter of Mr. Marshall Criser of BellSouth
Telecommunications, Inc.

Dear Mr. Tudor:

On behalf of Florida Digital Network, Inc. ("FDN"), I write to respond to the above letter Mr. Criser sent you under the guise of advising the collaborative of a possible new wholesale stand-alone DSL offering to ISPs. Mr. Criser's letter was apparently delivered to the Commission before it was delivered to any outside parties. I was only made aware of the letter today by the Commission Staff's Legal Department.

It should not go, and apparently has not been, unnoticed by the Commission that Mr. Criser's letter comes just two business days before the Commission's April 23 vote in Docket No. 010098-TP. In that docket, FDN has requested that the Commission require BellSouth provide ALECs an end-to-end broadband service on the same unbundled loops that ALECs use to provide analog voice service (the "FDN - Bell Arbitration"). As you may be aware, the Commission staff has recommended that the Commission grant FDN's request.

As is apparent from the letter itself, BellSouth's proposal is utterly vague as to the terms, prices, and conditions of the supposed offering. There is absolutely no reason to believe that ALECs could use the offering to actually provide DSL to Florida consumers on a competitive basis. Further, any suggestion that FDN's arbitration request should be put on hold pending further review of this BellSouth "proposal" should be rejected. BellSouth has had years to forge a broadband product that will address the anticompetitive issues ALECs have long complained about, and several times the Commission has from the bench urged BellSouth to find a solution. Yet, on the precipice of a critical Commission decision, BellSouth avoids the real issue and instead proposes something so completely nebulous that it answers nothing and poses no solution.

L O C A L

L O N G D I S T A N C E

I N T E R N E T

FDN asserts it would be inappropriate and unlawful for BellSouth to attempt to influence the Commission's vote tomorrow in the FDN – Bell Arbitration. BellSouth knows full well the issues being voted on in the FDN – Bell Arbitration, and the content of Mr. Criser's letter address the merits of that matter. The record in the FDN – Bell Arbitration is closed. BellSouth's letter is not in the Docket No. 010098-TP record, and, therefore, should not and cannot be considered by the Commission. BellSouth's offering can have no effect whatsoever on the Commission's review of the FDN – BellSouth Arbitration case, and FDN reserves its right to claim and seek redress for BellSouth's letter as an unlawful ex parte communication.

Without waiving any of FDN's rights, as indicated above, I have provided a copy of this letter to all persons Mr. Criser listed as copy recipients of his letter.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Feil". The signature is fluid and cursive, with a large initial "M" and a stylized "F".
