without delay, Sprint is now filing this Notice of Intent to Request Confidential Classification, pursuant to Rule 25-22.0006 (3)(a). Because of the amount and extent of information that has been claimed by other parties to be confidential, Sprint has attempted to err on the side of caution in identifying information in its testimony that is drawn from other parties' filings as confidential. Sprint intends to subsequently file a Specific Request for Confidential Classification for the portions of the confidential testimony that are proprietary to Sprint in accordance with the rule. In addition, to the extent further review indicates that portions of the testimony designated as confidential are not, in fact, encompassed in other parties' claims of confidentiality, Sprint will follow up with a corrected filing.

4. The original of this notice has been filed with the Division of Records and Reporting, and a copy has been served on all parties of record.

RESPECTFULLY SUBMITTED this 7th day of January 2003.
