**PETITION FOR APPROVAL OF SECTION 252(i) ADOPTION WITH MODIFICATIONS OF
THE EXISTING TERMS OF THE INTERIM INTERCONNECTION AGREEMENT BETWEEN
AT&T COMMUNICATIONS OF THE SOUTHERN STATES, INC. AND
VERIZON FLORIDA INC. BY LOCAL LINE AMERICA, INC.**

Verizon Florida Inc. (Verizon) (formerly GTE Florida Incorporated) files this petition before the Florida Public Service Commission (Commission) seeking approval of Local Line America, Inc.'s 252(i) adoption with modifications of the existing terms of the interim interconnection agreement between Verizon and AT&T Communications of the Southern States, Inc. The interim agreement, which was approved by the Commission by Order No. PSC-00-1776-FOF-TP, issued September 28, 2000 in Docket No. 001274-TP, is attached.

Verizon respectfully requests that the Commission approve its petition and that Verizon be granted all other relief proper under the circumstances.

Respectfully submitted on February 17, 2004.

Re: Requested Adoption Under Section 252(i) of the TA96

Dear Ms. Topper:

Verizon Florida Inc., f/k/a GTE Florida Incorporated ("Verizon"), a Florida corporation, with principal place of business at 201 N. Franklin Street, Tampa, Florida 33602-5167, has received your letter stating that, under Section 252(i) of the Telecommunications Act of 1996 (the "Act"), Local Line America, Inc. ("Local Line"), an Ohio corporation, with principal place of business at 1095 Home Ave., Suite B. Rear, PO Box 4551, Akron, Ohio 44310, wishes to adopt the terms of the arbitrated Interconnection Agreement between AT&T Communications of the Southern States, Inc. ("AT&T") and Verizon that was approved by the Florida Public Service Commission (the "Commission") as an effective agreement in the State of Florida in Docket No. 001274, as such agreement exists on the date hereof after giving effect to operation of law (the "Terms"). I understand Local Line has a copy of the Terms. Please note the following with respect to Local Line's adoption of the Terms.

1. By Local Line's countersignature on this letter, Local Line hereby represents and agrees to the following five points:
 - (A) Local Line adopts (and agrees to be bound by) the Terms of the AT&T/Verizon arbitrated agreement for interconnection as it is in effect on the date hereof after giving effect to operation of law, and in applying the

Terms, agrees that Local Line shall be substituted in place of AT&T Communications of the Southern States, Inc. and AT&T in the Terms wherever appropriate.

- (B) For avoidance of doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon that no longer applies under the Report and Order and Order on Remand (FCC 03-36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), which became effective on October 2, 2003. In light of the effectiveness of the Triennial Review Order, any reasonable period of time for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act (*see, e.g.*, 47 CFR Section 51.809(c)).
- (C) Notice to Local Line and Verizon as may be required under the Terms shall be provided as follows:

To: Local Line America, Inc.
CT Corp
1200 South Pine Island Rd.
Plantation, FL 33324
Telephone Number: not provided
Facsimile Number: not provided
Internet Address: not provided

To Verizon:

Facsimile: 703-351-3664

- (D) Local Line represents and warrants that it is a certified provider of local telecommunications service in the State of Florida, and that its adoption of the Terms will cover services in the State of Florida only.
 - (E) In the event an interconnection agreement between Verizon and Local Line is currently in effect in the State of Florida (the "Original ICA"), this adoption shall be an amendment and restatement of the operating terms and conditions of the Original ICA, and shall replace in their entirety the terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.
 - (F) Verizon's standard pricing schedule for interconnection agreements in the State of Florida (as such schedule may be amended from time to time) (attached as Appendix 1 hereto) shall apply to Local Line's adoption of the Terms. Local Line should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Terms or that are otherwise not part of this adoption, and may include phrases or wording not identical to those utilized in the Terms. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule or attempted to customize the wording in the pricing schedule to match the Terms. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights, and the use of slightly different wording or phrasing in the pricing schedule does not alter the obligations and rights set forth in the Terms.
2. Local Line's adoption of the AT&T arbitrated Terms shall become effective as of February 11, 2004. The Parties understand and agree that Verizon will file this adoption letter with the Commission promptly upon my receipt of a copy of this letter, countersigned by Local Line as to points (A), (B), (C), (D), (E) and (F) of paragraph 1 above. The term and termination provisions of the AT&T/Verizon agreement shall govern Local Line's adoption of the Terms.
 3. As the Terms are being adopted by you pursuant to your statutory rights under section 252(i), Verizon does not provide the Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Terms does not in any way constitute a waiver by Verizon of any position as to the Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Terms, or to petition the Commission, other administrative body, or court for reconsideration or reversal of any determination made by the Commission pursuant to arbitration in Docket No. 001274, or to seek review in any way of any provisions included in these Terms as a result of Local Line's 252(i) election.

4. Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any contractual provision required by the Commission in Docket No. 001274 (the AT&T arbitration) or any provision in the Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Terms.
5. Verizon reserves the right to deny Local Line's adoption and/or application of the Terms, in whole or in part, at any time:
 - (a) when the costs of providing the Terms to Local Line are greater than the costs of providing them to AT&T;
 - (b) if the provision of the Terms to Local Line is not technically feasible; and/or
 - (c) to the extent that Verizon otherwise is not required to make the Terms available to Local Line under applicable law.
6. For avoidance of doubt, please note that adoption of the Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("*FCC Internet Order*"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation obligations set forth in section 251(b)(5) of the Act.¹ Accordingly, any compensation to be paid for Internet traffic will be handled pursuant to the terms of the *FCC Internet Order*, not pursuant to adoption of the Terms.² Moreover, in light of the *FCC Internet Order*, even if the Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act.³ In fact, the *FCC Internet Order* made clear that carriers may not adopt provisions of an existing interconnection

¹ Order on Remand and Report and Order, In the Matters of: Implementation of the Local Competition Provisions in the Telecommunications Act of 1996 and Intercarrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68 (rel. April 27, 2001) ("*FCC Remand Order*") ¶44, remanded, *WorldCom, Inc. v. FCC*, No. 01-1218 (D.C. Cir. May 3, 2002). Although the D.C. agreement to the extent that such provisions provide compensation for Internet traffic.⁴

7. Should Local Line attempt to apply the Terms in a manner that conflicts with paragraphs 3-6 above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
8. In the event that a voluntary or involuntary petition has been or is in the future filed against Local Line under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an “Insolvency Proceeding”), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and Local Line’s adoption of the Verizon Terms shall in no way impair such rights of Verizon; and (ii) all rights of Local Line resulting from Local Line’s adoption of the Verizon terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

Transit Service Trunking Charge (for each relevant third party carrier) –For each DS1 equivalent volume⁴ (or portion thereof) of Tandem Transit Traffic exchanged with the relevant third party carrier during a monthly billing period: an amount equal to the total monthly rate for 24 channels (DS1 equivalent) for Switched Access, Access Tandem Dedicated Trunk Port DS1, as set forth in Verizon Tariff FCC No. 14, as amended from time to time.

C. Entrance Facility and Transport for Interconnection Charges: See Intrastate Special Access Tariff

¹ In the event this Appendix 1 refers to a service that is not available under the Terms, the Terms shall control. Nothing in this Appendix 1 shall be deemed to require Verizon to provide a service that the Terms does not require Verizon to provide.

² Certain of the rates and charges set forth within, as indicated by a "diamond" (♦), are arbitrated rates taken from the previously arbitrated Interconnection, Resale and Unbundling Agreement between GTE and AT&T Communications, which was approved by the Commission in an Order dated January 17, 1997, in Docket Nos. 960847-TP, 960980-TP, and Order PSC-97-0064-FOF-TP. Verizon has agreed to use and to incorporate herein such arbitrated rates subject to the following: The Parties expressly agree (1) that such arbitrated rates shall not be deemed to have been voluntarily negotiated by the Parties, and (2) that, if applicable, for purposes of calculating Reciprocal Compensation Traffic, the arbitrated rates shall not apply to Internet Traffic. The foregoing shall not, in any way, limit any other term, condition, limitation or reservation of right in the Terms that applies to rates, including, but not limited to, of the Reservation of Rights language the General Terms and Conditions. The Parties further agree that the Commission's Order in Docket Nos. 960847-TP and 960980-TP, and Order PSC-97-0064-FOF-TP to the extent such Order established the arbitrated rates, shall be deemed an arbitration decision associated with the Terms.

³ All rates and charges specified herein are pertaining to the Interconnection provisions of the Terms..

Application of NRCs

Pre-ordering:

CLEC Account Establishment is a one-time charge applied the first time that Local Line orders any service from the Terms..

Customer Record Search applies when Local Line requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Engineered Initial Service Order - New Service applies per Local Service Request (LSR) when engineering work activity is required to complete the order, e.g. digital loops.

Non-Engineered Initial Service Order - New Service applies per LSR when no engineering work activity is required to complete the order, e.g. analog loops.

Initial Service Order - As Specified (Engineered or Non-Engineered) applies only to Complex Services for services migrating from Verizon to Local Line. Complex Services are services that require a data gathering form or has special instructions.

Non-Engineered Initial Service Order - Changeover applies only to Basic Services for services migrating from Verizon to Local Line. End-user service may remain the same or change.

Central Office Connect applies in addition to the ISO when physical installation is required at the central office.

Outside Facility Connect applies in addition to the ISO when incremental fieldwork is required.

Manual Ordering Charge applies to orders that require Verizon to manually enter Local Line's order into Verizon's Secure Integrated Gateway System (SIGS), e.g. faxed orders and orders sent via physical or electronic mail.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite (Engineered or Non-Engineered) applies if Local Line requests service prior to the standard due date intervals.

Coordinated Conversion applies if Local Line requests notification and coordination of service cut over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if Local Line requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

UNE-P Pricing

MRCs. The MRC for a UNE-P will generally be equal to the sum of the MRCs for the combined UNEs (e.g. the total of the UNE loop charge plus the UNE port charges in the Terms (see Note A) plus: UNE local switching (per minute originating usage plus T/O factor to determine terminating minutes) based on UNE local switching rates in the Terms plus UNE shared transport and tandem switching (based on factors for percent interoffice and tandem switch usage, plus assumed transport mileage of 10 miles and 2 terms) based on UNE shared transport rates in the Terms plus UNE Vertical Services charges (optional per line charges, if allowed by the Terms).

(Note A): UNE platforms are available in four loop/port configurations as shown below. If the price for any component of these platforms is not set forth herein, Verizon will use the ICB process to determine the appropriate price and TBD pricing shall apply.

UNE Basic Analog Voice Grade Platform consists of the following components:
UNE 2-wire Analog loop; and
UNE Basic Analog Line Side port

UNE ISDN BRI Platform consists of the following components:
UNE 2-wire Digital loop; and
UNE ISDN BRI Digital Line Side port

UNE ISDN PRI Platform consists of the following components:
UNE DS1 loop; and
UNE ISDN PRI Digital Trunk Side port

UNE DS1 Platform consists of the following components:
UNE DS1 loop; and
UNE DS1 Digital Trunk Side port

NRCs. Optional NRCs will apply as ordered by the CLEC including such charges as Expedites, Coordinated Conversions, loop Conditioning, etc.

EEL Pricing

MRCs. The MRCs for an EEL will generally be equal to the applicable MRCs for UNEs and Multiplexing that comprise an EEL arrangement (e.g. UNE Loop, IDT, CDT, Multiplexing, & Clear Channel Capability).

Line Splitting⁵

Except as noted in the following paragraph, the provider of voice services in a Line Splitting arrangement ("VLEC") will be billed for all charges associated with the Network Elements and other Verizon services, facilities and arrangements, used in conjunction with the Line Splitting arrangement ("Line Splitting Arrangement"), regardless of which CLEC in the Line Splitting Arrangement orders the Network Elements or other Verizon services, facilities or arrangements. These charges include, but are not limited to, all applicable non-recurring charges and monthly recurring charges related to such Line Splitting Arrangement, including but not limited to UNE-P (2-wire digital UNE loop or 2-wire ADSL capable UNE loop, UNE switch port, UNE local switching usage, UNE local transport and usage rates), testing, pre-qualification, OSS, line conditioning, CLEC account establishment and misdirected trouble charges.

The CLEC with the applicable collocation arrangement will be billed for splitter establishment and collocation related charges.

⁵ Rates for the individual line splitting components are contained in existing terms for Unbundled Network Elements and Collocation.

Application of NRCs

Preordering:

CLEC Account Establishment is a one-time charge applied the first time that Local Line orders any service from the Terms..

Customer Record Search applies when Local Line requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Sub-Loop Distribution, Standard Sub-Loop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution, Non-load Sub-Loop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs

The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, CDT, Multiplexing and Clear Channel Capability.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if Local Line requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if Local Line requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if Local Line requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.

Re: Docket No. 960847-TP – Petition by AT&T for Arbitration of Rates, Terms and Conditions of a Proposed Agreement with GTE Florida Incorporated concerning Interconnection and Resale under the Telecommunications Act of 1996

Dear Mrs. Bayo,

AT&T Communications of the Southern States, Inc. ("AT&T") hereby submits the attached voluntary agreement entitled "Interim Interconnection Agreement between GTE Florida Incorporated ("GTE") and AT&T Communications of the Southern States, Inc." (the "Agreement") for filing and approval under Section 252 of the Telecommunications Act of 1996. Pursuant to Section 252 (e) of the Act, all agreements concerning access, interconnection, unbundling and network termination adopted by negotiations or arbitration, must be submitted to the Commission for review and approval. The Agreement is interim and provides for AT&T and GTE to continue their interconnection arrangement pursuant to the Interconnection, Resale, and Unbundling Agreement between AT&T and GTE (the "Underlying Agreement") approved by Order No. PSC-97-0585-FOF-TP (May 22, 1997) in the above referenced proceeding.

AT&T and GTE are currently engaged in good faith negotiations to replace the Underlying Agreement with a new interconnection agreement. However, negotiations between GTE and AT&T will not be completed before July 17, 2000, the date that GTE contends the Underlying Agreement ended. The Agreement continues the interconnection between AT&T and GTE from July 18 through January 17, 2001, or until such time, if sooner, that the Commission has approved a new interconnection agreement.

The Agreement meets the standards contained in 47 U.S.C. 252 (e) (2) in that (a) the Agreement does not discriminate against a telecommunications carrier not a party to the agreement, and (b) implementation of the Agreement will be consistent with the

public interest, convenience, and necessity. The Agreement continues in place the interconnection arrangements between AT&T and GTE that the Commission previously approved by Order No. PSC-97-0585-FOF-TP. The Agreement ensures that there will be no interruption of services mutually provided by AT&T and GTE to their customers and therefore, promotes the public interest, convenience and necessity.

By agreement between AT&T and GTE, only one party to the Agreement is filing this letter. AT&T and GTE request that the Commission not modify, supplement, suspend, or otherwise delay implementation of the Agreement.

Sincerely,

for

Marsha Rule

**INTERIM INTERCONNECTION AGREEMENT
BETWEEN
GTE FLORIDA INCORPORATED
AND
AT&T COMMUNICATIONS OF THE SOUTHERN STATES, INC.**

THIS INTERCONNECTION AGREEMENT (the "Agreement") is entered into on this 26th day of June, 2000, by and between GTE Florida Incorporated ("GTE") and AT&T Communications of the Southern States, Inc. ("AT&T") (GTE and AT&T being referred to collectively as the "Parties" and individually as a "Party"). This Agreement pertains to services provided by GTE and AT&T in the state of Florida (the "State"). This Agreement is subject to approval of the Florida Public Service Commission ("FPSC"). The Parties intend that, regardless of when this Agreement is approved by the FPSC, the effective date of this Agreement shall be July 18, 2000 (the "Effective Date").

RECITALS

WHEREAS, the Parties have previously entered in the Interconnection, Resale and Unbundling Agreement (the "Underlying Agreement") pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 (the "Act");

WHEREAS, the Underlying Agreement was approved by the FPSC in Order No. PSC-97-0585-FOF-TP dated, May 22, 1997, in FPSC Docket No. 960847-TP;

WHEREAS, GTE and AT&T are currently in good faith negotiations regarding an interconnection agreement pursuant to Section 251 and 252 of the Act to replace the Underlying Agreement with a new interconnection agreement (the "New Interconnection Agreement");

WHEREAS, negotiations between GTE and AT&T under Section 252 of the Act for the New Interconnection Agreement will not be completed before July 17, 2000, the date on which GTE contends the Underlying Agreement will terminate (the "Termination Date");

WHEREAS, AT&T maintains that interruption of the interconnection between AT&T and GTE under the Underlying Agreement is impermissible under state and federal law, even though GTE contends that the Underlying Agreement will terminate on the Termination Date; and

WHEREAS, in light of the foregoing, and subject to the terms and conditions set forth herein, the Parties agree that this Agreement shall be effective beginning July 18, 2000 (the "Effective Date"), and that the Parties shall have all rights as outlined in the Underlying Agreement pursuant to this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, provisions and covenants herein contained, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Except to the extent inconsistent with the terms and conditions set forth herein, the terms and conditions of the Underlying Agreement are hereby incorporated in their entirety by this reference into this Agreement. All obligations under the Underlying Agreement which expressly survive the termination thereof shall also survive the termination of this Agreement. If any provision in the Underlying Agreement conflicts with this Agreement, this Agreement shall control.

2. The term of this Agreement shall become effective on the Effective Date and shall terminate on January 17, 2001. This Agreement shall be subject to termination by either Party for any of the grounds specified for termination under the Underlying Agreement, or in the event that the FPSC has approved the New Interconnection Agreement prior to January 17, 2001. The Parties have agreed to allow this Agreement to become effective upon execution in order to continue their interconnection prior to approval by the Commission. In light of this, the Parties hereby agree that their obligations pursuant to this Agreement shall remain in effect during the period between the Termination Date and the date when the FPSC approves this Agreement, notwithstanding the Commission's possible initial rejection thereof during such period.

3. By entering into this Agreement, the Parties do not waive any right, and hereby expressly reserve each and all of their rights, to challenge and/or defend the legality of the Underlying Agreement.¹ In addition, subject to the limitations and requirements of Paragraph 5 of this Agreement, by entering into this Agreement, GTE does not waive, and hereby expressly reserves, its rights to assert or continue to assert that: (1) certain of the arbitrated rates, charges and terms included in the Underlying Agreement ("Arbitrated Terms") are unlawful, illegal and improper, including, without limitation, the positions stated in any pending or future GTE court challenge regarding certain of the Arbitrated Terms; (2) the Arbitrated Terms do not afford GTE the opportunity to recover its actual costs, as mandated by the Act and applicable law; (3) the Arbitrated Terms should not become effective until such time as the Commission has established an explicit, specific, predictable, sufficient and competitively neutral universal service mechanism that provides GTE the opportunity to recover its actual costs; (4) certain provisions of the FCC's First, Second, Third and Fourth Report and Order in FCC Docket No. 96-98 and other FCC orders or rules (collectively, the "FCC Orders") are unlawful, illegal and improper; and (5) the Arbitrated Terms and any subsequent adjusted or modified terms, rates, or charges described in paragraph 6 are further subject to change and/or modification retroactive to the effective date of this Agreement resulting from future orders or decisions of any commission, court or other governmental authority having competent jurisdiction that address the following: (a) GTE's unrecovered costs (e.g., actual costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's interim universal service support charge)); (b) the establishment of a competitively neutral universal service system; (c) any and all actions seeking to invalidate, stay, vacate or otherwise modify any FCC Order in effect as of the effective date, or during the term, of this Agreement which impact the Arbitrated Terms, or any subsequent adjusted or modified terms, rates or charges (or the methodology from which they were derived), including, without limitation, the current appeal of the FCC pricing rules pending before the Eighth Circuit Court of Appeals (See Docket No. 96-321) and any appeal of the FCC's new UNE rules; or (d) any other relevant appeal or litigation. By entering into this

1

¹ The Parties' reservation of rights and positions regarding the Underlying Agreement are reiterated as if fully set forth herein. In addition, except as otherwise set forth herein, the Parties further expressly reserve their rights in the event that the terms and conditions of the Underlying Agreement are impacted due to changes in legal requirements.

Agreement, AT&T neither agrees with such assertions or contentions of GTE, nor waives and hereby expressly reserves all of its rights to oppose or continue to oppose any and all such assertions or contentions by GTE.

4. GTE expressly reserves its past, present and future rights to challenge and seek review of any and all Arbitrated Terms or any permanent rates, charges or terms established in FPSC Docket No. 990649-TP or any other proceeding, in any court or commission of competent jurisdiction or other available forum. AT&T likewise expressly reserves its past, present and future rights to challenge and seek review of any and all Arbitrated Terms or any permanent rates, charges or terms established in Docket No. 990649-TP or any other proceeding, in any court or commission of competent jurisdiction or other available forum.

5. By entering into this Agreement, the Parties do not waive, and hereby expressly reserve, their respective rights to continue to assert that: (a) ESP/ISP traffic (i.e., any traffic bound to any enhanced service provider or Internet service provider) is (or is not) traffic (local or otherwise) for which reciprocal compensation is due under Section 251(b)(5) of the Act and/or Part 51, Subpart H of the FCC Rules; and/or (b) that the Party originating such traffic is (or is not) otherwise obligated to pay the local terminating switching rate for such traffic to the other Party.

6. Except as set forth in paragraph 7, if the Arbitrated Terms or any subsequent permanent rates, terms or charges, or the methodology from which they were derived, are deemed unlawful, are stayed or enjoined, or are adjusted or otherwise modified, in whole or in part, by the FPSC in Docket No. 990649-TP or by any commission, court or other governmental authority having competent jurisdiction in any other rate proceeding, then the Parties shall implement such changes or amendments as follows: Any adjusted or modified rates and charges established pursuant to, or in accordance with, an applicable order ("Original Order") shall be applied prospectively pending the issuance of a final, binding and non-appealable order in the subject proceeding. At such time as an applicable order becomes final, binding and non-appealable, the adjusted or modified rates and charges established therein shall be applied retroactively to the effective date of the Original Order, and the Parties will true-up any resulting over or under billing (the period to which the true-up applies shall be limited to the effective date of the Original Order through the expiration or termination date of this Agreement). Such true-up payments, if any, shall also include interest computed at the prime rate of the Bank of America, N.A. in effect at the date of said final, binding and non-appealable order. Any underpayment shall be paid, and any overpayment shall be refunded, within forty-five (45) business days after the date on which such order becomes final, binding and non-appealable. The Parties agree that the provisions of this Paragraph 6 shall survive the termination, rescission, modification or expiration of this Agreement without limit as to time, and that, except as set forth in paragraph 7, in the event the FPSC establishes permanent rates or charges in any rate proceeding after this Agreement terminates or expires, nothing contained herein shall prohibit a true-up of the effected rates and charges retroactive to the effective date of the Original Order as contemplated by this Paragraph 6 (the period to which the true-up applies shall be limited to the effective date of the Original Order through the expiration or termination date of this Agreement). AT&T and GTE acknowledge that either Party may seek to enforce the provisions of this Paragraph 6 before a commission or court of competent jurisdiction.

7. With respect to the interim deaveraged UNE rates established in Docket No. 990649-TP, the Parties agree that such rates are interim and that they will apply such adjusted and/or modified rates consistent with the terms of Order No. PSC-00-0380-S-TP and the Joint Stipulation incorporated therein. The Parties further agree that, consistent with the Joint Stipulation, such interim deaveraged UNE rates will not be subject to retroactive true-up once the FPSC establishes permanent deaveraged UNE rates in Docket No. 990649-TP.

8. This Agreement constitutes the entire agreement of the Parties pertaining to the subject matter hereof and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied, have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

9. This Agreement shall be solely governed by and interpreted under applicable federal law and Florida law, without regard for any choice of law principles in Florida law.

10. This Agreement may be signed in counterparts and may be transmitted by facsimile.

IN WITNESS WHEREOF, each Party has executed this Agreement and it shall be effective upon the date of execution by both Parties.
