FPSC-COMMISSION CLERK

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Implementation of requirements arising from Federal Communications Commission's triennial UNE Review: Location-Specific Review for DS1, DS3 and Dark Fiber Loops, and Route-Specific Review for DS1, DS3 and Dark Fiber Transport.

DOCKET NO. 030852-TP
Filed: 02/25/04

**SPRINT'S FIRST REQUEST
FOR CONFIDENTIAL CLASSIFICATION**

Sprint-Florida, Inc. and Sprint Communications Company, L.P., ("Sprint" or the "Company"), pursuant to Section 364.183, Florida Statute, and Rule 25-22.006, Florida Administrative Code, hereby files this Request for Confidential Classification, and states:

1. Sprint-Florida, Inc. and Sprint Communications Company, L.P. are telecommunications companies doing business in the State of Florida subject to the jurisdiction of the Florida Public Service Commission ("FPSC" or "Commission") and are parties of record in this docket.

2. On February 4, 2004, Sprint filed the confidential version of Dickerson Exhibit KWD-4 [hereinafter, the "Document"] with the Division of Commission Clerk and Administrative Services ("Clerk"), together with a Notice of Intent to Request Confidential Classification for portions of the exhibit. Therein, Sprint asserted that certain information therein was confidential and designated the confidential information by highlighting it with a yellow marker. The Company's confidential filing was assigned Document Number 01661-04. A non-confidential version (redacted) of the Document was contemporaneously delivered to the Clerk.

3. In accordance with the procedures set forth in Section 25-22.006(4), Florida Administrative Code, Sprint asserts that the highlighted information in the Document is "proprietary confidential business information" within the meaning of Section 364.183, Florida Statutes, and requests that the Commission keep that information confidential and exempt from public disclosure in accordance with Section 25-22.006(4), Florida Administrative Code.

4. Two edited versions of the Document with the confidential information redacted are attached as Exhibit "A." Another copy of the Document with the confidential information highlighted is included as Exhibit "B." The line-by-line identification and justification required by Rule 25-22.006(4)(c), Florida Administrative Code, is attached as Exhibit "C." The material for which confidential classification is claimed and sought is intended to be and is treated by the Company as private and has not been disclosed.

WHEREFORE, Sprint respectfully requests that the Commission grant this Request for Confidential Classification.

DATED this 25th day of February, 2004.

Line-by-line Analysis

<u>Page</u>	<u>Lines</u>	<u>Columns</u>	<u>Explanation</u>
1 of 1	1-6	A-H	Note 1
1 of 1	7-16	A-C	Note 2

Note 1: The data identifies the routes (including end points) for which Sprint purchases dark fiber from BellSouth on a UNE basis, including price, number of fibers and length, in Florida. This data shows detailed components of Sprint's network and how it has configured its network to provide CLEC services to customers and potential customers in Florida. This type of data can be used to determine Sprint's plans and abilities to compete for customers in the telecommunication markets. This type of data for Sprint's competitors is not publicly available; therefore, disclosing this data to the public would put Sprint at a disadvantage relative to its competitors, thereby harming Sprint.

Note 2: The data identifies the routes (including end points) for which Sprint self provisions dark fiber and interconnects with BellSouth, including price, number of fibers and length, in Florida. This data shows detailed components of Sprint's network and how it has configured its network to provide CLEC services to customers and potential customers in Florida. This type of data can be used to determine Sprint's plans and abilities to compete for customers in the telecommunication markets. This type of data for Sprint's competitors is not publicly available; therefore, disclosing this data to the public would put Sprint at a disadvantage relative to its competitors, thereby harming Sprint.
