Dear Ms. Jaber:

Ensuring a high quality of water is one of the most important services provided to our citizens. I believe that this service is as significant as fire and police protection.

My constituents have suffered through almost a decade of poor quality water in regard to taste, odor, and color. They have endured extra expense by replacing plumbing and buying filtering equipment. They are weary from fighting this issue and deserve relief.

This matter is important to me that I have sponsored the House companion bill to Senator Fasano's bill which would provide for county oversight of monopoly water companies in Pasco County.

I regret that I will not be able to make a presentation in person during your hearing in Pasco County on Aloha Utilities, but trust that the Commission will find a remedy for my constituents.

Sincerely,
