040253 - K

After researching this further, I found that this company wrote on its RAF return form that the business had closed when it paid its 2003 RAF timely (I was not provided a copy of the return). Therefore, it is OK to open a docket with an effective date of 12/31/03. Thanks.

I got Kay's Out of Office reply, which said to contact y'all. I need to get in touch with them before opening a docket.

Received an MCD update form from this company with the message "out of business since April 2, 2003" and "please take our co. off the list" ... please advise on opening a docket or further action.

Document number is 03656-04.

Thanks.

Kay
