Talked to the company and they made an error when they added the periods after each letter. The name is correct without the periods, so no further action is necessary.

Okay. I'll leave it as undocketed till I hear back from you.

Thanks.

Again, we will need to contact the company to confirm.

This company's MCD update form was returned with "K.A.K." noted on it (i.e., periods were added by the respondent after each letter). Should we take any action to correct the name?
