Re: Billing Compliance Audit; Audit Control Number 02-311-1-1

Mr. Kofman:

On November 7, 2002, the Florida Public Service Commission sent your company a letter informing you that our office will conduct an audit of the billing records to verify compliance with Commission Rules. A copy of this letter is attached.

On November 26, 2002, Ms. Sue Jackson sent Mr. Joseph Vitale a request for data using our standard Audit Document/Record Request form. Although the billing data and associated record layout was provided, some requested information was not provided.

Subsequent to the partial receipt of the information, we have attempted to contact Mr. Joseph Vitale to obtain the additional material. When the audit manager, Mr. Michael Buckley, spoke to Mr. Vitale by phone on Friday, December 13, 2002, Mr. Vitale informed Mr. Buckley that subsequent correspondence should be through you.

Commission Rule 25-4.019, F.A.C., Records and Reports in General, states that the utility shall furnish the Commission with any information concerning the utility's facilities or operations which the Commission may reasonably request and require. A copy of this rule is attached.

Please be advised that failure to cooperate may result in a recommendation that your company be show caused as to why it should not be fined for failure to comply with Commission rules by not responding to audit requests.

It is imperative that you provide the information to Mr. Buckley or contact him by December 30, 2002. My phone number is (850) 413-6416. Mr. Buckley's phone number is (850) 413-6469.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lynn M. Deamer".

(1) Each utility shall furnish to the Commission at such times and in such form as the Commission may require the results of any required tests and summaries of any required records. The utility shall also furnish the Commission with any information concerning the utility's facilities or operations which the Commission may reasonably request and require. All such data, unless otherwise specified, shall be consistent with and reconcilable with the utility's annual report to the Commission.

(2) Where a telephone company is operated with another enterprise, records must be separated in such manner that the results of the telephone operation may be determined at any time.

(3) Upon notification to the utility, members may, at reasonable times, make personal visits to the company offices or other places of business within or without the State and may inspect any accounts, books, records, and papers of the company which may be necessary in the discharge of Commission duties. Commission staff members will present Commission identification cards as the written authority to inspect records. During such visits the company shall provide the staff member(s) with adequate and comfortable working and filing space, consistent with the prevailing conditions and climate, and comparable with the accommodations provided the company's outside auditors.

Re: Undocketed; Globcom, Inc.; Audit Request: audit billing records to verify compliance with Commission rules; Audit Control No. 02-311-1-1

Dear Mr. Kofman:

The Florida Public Service Commission will audit billing records to verify compliance with Commission rules, in accordance with Commission audit procedures. Access will be requested to documents and records of the utility and, if necessary, supporting records for affiliate company transactions that affect regulated operations. Staff auditors may also request to review the utility's external audit working papers for the most recent independent audit. Lynn Deamer, (850) 413-6416, the district office supervisor, will coordinate this audit. Questions regarding the audit or audit staff should be directed to the district supervisor or myself. My phone number is (850) 413-6487.

The Audit Access to Records rule for each industry states:

In those instances where the utility disagrees with the auditor's assessment of a reasonable response time to the audit request, the utility shall first attempt to discuss the disagreement with the auditor and reach an acceptable revised date. If agreement cannot be reached, the utility shall discuss the issue with successive levels of supervisors at the Commission until an agreement is reached.
