Although, this motion is an unusual way to dispense with the request for confidential, it will suffice to declassify the information per Beth Keating.

Thanks.

CCA rec'd. on April 6th a motion to withdraw request for specified confidential classification by BellSouth. (DN 04319-04).

Per this motion, i am going to declassify confidential DN 03559-04 (BellSouth's additional information related to additional assertions filed 2/26/04) & place this document in the docket file.

Do you agree with this action ????

thanks.
