Thanks, Troy. I'll use this note to officially change the suffix.

I'm sorry, I'm not sure who this goes to, so I thought I'd cover all basis.... Anyway, we have contacted Tymber Creek concerning Docket No. 040300-WS - they have indicated that this rate case is for its wastewater system only - so I believe that the suffix should be changed to "SU" instead of WS...

Thank you..
