JOINT PETITION FOR LEAVE TO INTERVENE
BY
THE FLORIDA INDUSTRIAL COGENERATION ASSOCIATION

In accordance with provisions of Chapter 120, F.S. and associated Commission rules, the Florida Industrial Cogeneration Association (FICA) by and through its undersigned attorney, hereby files this Petition for leave to Intervene in the captioned proceeding, and in support thereof states:

1. The name, address, and telephone number of the Petitioners are as follows:

Florida Industrial Cogeneration Association
c/o Richard A. Zambo, P.A.
598 SW Hidden River Avenue
Palm City, FL 34990
Phone: (772) 220-9163
FAX: (772) 220 9402

2. Copies of all correspondence, pleadings, and other documents should be provided to:

Richard A. Zambo
Richard A. Zambo, P.A.
598 SW Hidden River Avenue
Palm City, FL 34990
Phone: (772) 220-9163
FAX: (772) 220-9402

3. The Florida Industrial Cogeneration Association (FICA) is a not-for-profit trade association representing Florida industrial cogenerators. FICA members, which include a majority of the Florida phosphate companies, self-generate, consume and purchase substantial quantities of electricity.

4. **Statement of Substantial Interests**

FICA members produce and consume large quantities of electricity, the cost of which comprises a substantial portion of manufacturing costs. The cost of conservation programs implemented as a result of the Commission's decision in this proceeding will be charged to electric consumers thereby affecting the cost of electricity. Moreover, FICA members own and operate highly energy efficient cogeneration facilities that recover waste heat from the manufacturing processes to produce process thermal energy and significant quantities of electricity. Such facilities are included in the listing of conservation measures enumerated in Commission rule 25-17.0021 Goals for Electric Utilities. As the owners/operators of such facilities, FICA's members interests will be further affected by the Commission's decision in this proceeding.

5. The purpose of this proceeding is to consider conservation goals and programs proposed by the electric utilities - the cost of which will be borne by the electric customers. Accordingly, this proceeding is designed to protect the interests of Florida electric customers such as FICA's members.

6. **Statement Of Disputed Issues In This Proceeding**

FICA cannot at this point identify any disputed issues of material fact because Gulf Power has not yet submitted its filing in this proceeding.

7. **Statement Of Ultimate Facts Alleged**

FICA alleges that matters within the scope of this proceeding will affect the cost, availability, and reliability of electricity supplies to its members.

WHEREFORE, In light of the substantial impacts that this proceeding will have on its members, FICA respectfully requests that the Commission enter an Order granting this Petition and thereby granting to FICA and its members status as full parties.

RESPECTFULLY submitted on the 29th day of April, 2004.
