PETITION FOR APPROVAL OF NUMERIC GOALS AND PROGRAMS

COMES NOW Florida Public Utilities Company ("FPUC") and requests the Commission to approve the conservation Numeric Goals and Programs filed pursuant to Rule 25-17.0021, Florida Administrative Code and as grounds, would show:

1. The names and addresses of persons authorized to receive notices and communications with respect to this docket are:

Norman H. Horton, Jr.	Robert L. Smith
Messer, Caparello & Self, P. A.	Florida Public Utilities Company
Suite 701, First Florida Bank Building	P.O. Box 3395
Post Office Box 1876	West Palm Beach, FL 33402-3395
Tallahassee, FL 32302-1876	

2. FPUC is an investor owned company with its corporation headquarters located at 401 South Dixie Highway, West Palm Beach, Florida, 33401-5886. FPUC provides electric service to customers in all or portions of Nassau, Jackson, Calhoun and Liberty counties and is subject to the Florida Energy Efficiency and Conservation Act ("FEECA") and recovers costs associated with conservation activities through a conservation clause subject to review and approval by the Florida Public Service Commission.

3. FPUC currently has numeric conservation goals which were approved by the Commission in Order PSC-00-1029-PAA-EG and a DSM Plan which was approved by Order No. PSC-00-1663-PAA-EG.

4. Rule 25-17.002(2), Florida Administrative Code, requires that the Commission set goals for each utility at least once every five (5) years. As allowed by the Rule, the Commission opened this docket on its own motion and established a schedule of filing dates and critical dates for review and approval of numeric goals for FPUC.

5. With this Petition, FPUC requests that the Commission approve numeric conservation goals for 2005-2014 as included in Attachment A hereto and the programs in the DSM Plan filed with this Petition. The established goals are reasonable and the DSM plan will achieve the goals consistent with FEECA and the Commission rules.

6. Concurrent with this Petition, FPUC is also filing its DSM Plan for 2005-2014 which describes in detail the goals and programs proposed by the company along with direct testimony of Robert Smith. FPUC will provide such additional information as may be needed to evaluate the goals and programs. The Commission has expressed the intent to make it's decision on this request through the Proposed Agency Action ("PAA") process, thus FPUC reserves the opportunity to file such additional testimony and support as necessitated if there is a protest to the PAA.

7. FPUC submits that the goals and DSM Plan should be approved and requests that the Commission enter its order granting approval of the goals and programs.

DATED this 1st day of June, 2004.

Respectfully submitted,
MESSER, CAPARELLO & SELF, P. A.
