Just as confirmation, it's okay to open a docket requesting cancellation of certificate "3355", right?

Dorothy, I forgot to tell you the certificate number is 3355 not 3335. Also, T-Netix has two payphone certificates (the other is #5102 in a longer name). Did they specifically request cancellation of Cert. No. 3355? If not, this may need to be clarified with the company BEFORE opening a docket. Let me know.

We have received a letter from T-Netix, Inc. requesting cancellation of PATS Cert 3335.

The letter indicates there are no customers to notify regarding discontinuance of service; the company did not collect deposits from its customers; and that when the order approving cancellation of the certificate is issued, the company will pay its 2004 RAFs.

Should we open a docket to cancel the certificate.
