8. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe maybe impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles.

TelCove's experience in entering the Florida local exchange market has been consistent with that of most other CLEC's. Interconnection negotiations with ILEC's have always been difficult, and the recent regulatory developments in Washington, D.C., have not improved the process. At this stage, TelCove most needs regulatory certainty so that it can tailor its business plans to the regulatory realities of the market. It is only with that regulatory certainty that TelCove can maximize its ability to provide viably competitive alternatives to the ILEC's.

9. Please provide any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida.

TelCove has no additional comments or information to provide at this time.

10. As of December 31, 2003, how much money (in thousands of dollars) have you invested in your network serving Florida customers?

See attached.

13. Following the D.C. Circuit's decision, the FCC called for ILECs and CLECs to negotiate.

(a) Are you currently in negotiations with any ILECs?

Yes.

(b) If so, with which carriers?

TelCove is currently involved in interconnection negotiations with BellSouth, Verizon, SBC, and a handful of small, rural ILEC's outside of Florida.

(c) Are the negotiations national or Florida-only?

TelCove has pursued interconnection negotiations nationwide.

(d) Have you reached agreement with one or more carriers?

TelCove has not yet reached agreement in its current negotiations.

14. If so, please provide the name(s) of the carrier(s) and when you expect to file your agreement(s) with the Florida Commission. If you do not intend to file your agreement(s), explain why.
