Re: Year 2004 Local Competition Report Data Request
Data as of May 31, 2004
Responses Due by July 15, 2004

Dear

Chapter 364, Florida Statutes, contains the framework the Commission uses for regulation of the telecommunications industry. As a result of certain amendments made to the chapter during the 1995 legislative session, the Commission has a statutory mandate to prepare and deliver annually a report, to the Governor and the Legislature, on the status of competition in the telecommunications industry.

In order to meet this legislative mandate we must gather data from the industry. The enclosed data request will help us evaluate the status of local competition in Florida. If your company holds a certificate but is not currently active in the marketplace, you may simply check the box at the top of this page and return it. However, please note that there are other sections of the data request to which you may respond, such as comments you may have regarding Florida's marketplace and entry barriers.

We have made several changes to the data request this year as part of our ongoing commitment to increase efficiency and reduce CLEC reporting burden:

- The "as of" date for data is now May 31, 2004 NOT June 30, 2004.
- Responses are due to the Commission by July 15, 2004. This provides you with an additional two weeks of response time compared to previous years.
