DOCKET NO. 031033-EI
ORDER NO. PSC-04-0703-CFO-EI
ISSUED: July 19, 2004

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 05987-04)

On June 15, 2004, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Tampa Electric Company (Tampa Electric) filed a request for confidential classification of certain information contained in the Late Filed Deposition Exhibit No. 1 of Tampa Electric's witness Paula M. Guletsky (Document No. 05987-04).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[t]rade secrets" (subsection a); "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

Tampa Electric contends that certain information contained in the Late Filed Deposition Exhibit No. 1 of Paula M. Guletsky falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Tampa Electric states that this information is intended to be and is treated by Tampa Electric as private and has not been publicly disclosed.

Tampa Electric requests confidential classification for portions of Pages 2-17 of Late Filed Deposition Exhibit No. 1 of Paula M. Guletsky. Tampa Electric contends that this information contains the proprietary work product of Tampa Electric's consultant, Sargent and Lundy ("S&L"). Tampa Electric contends that the disclosure of this information could allow duplication of the consultant's work without compensation for the consultant's efforts to gather and update the information and develop methods of analysis. Tampa Electric states that this information is in the nature of a trade secret owned by S&L. Tampa Electric further asserts that

he information relates to competitive interests, the disclosure of which would impair S&L's competitive business interests by diminishing the demand for S&L's proprietary work product.

Upon review, it appears that the information for which confidential classification has been requested in Pages 2-17 of Late Filed Deposition Exhibit No. 1 of Paula M. Guletsky satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "trade secrets;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Tampa Electric or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Chairman Braulio L. Baez, as Prehearing Officer, that Tampa Electric Company's Request for Confidential Classification of Document No. 05987-04 is granted. It is further

ORDERED that the information in Document No. 05987-04 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
