

FLORIDA PUBLIC SERVICE COMMISSION

VOTE SHEET

JULY 20, 2004

RE: Docket No. 040035-EG - Petition for approval of numeric conservation goals by Orlando Utilities Commission.

Issue 1: Should the Commission approve Orlando Utilities Commission's numeric conservation goals for the 2005 through 2014 period?

Recommendation: Yes. The programs, assumptions, and evaluation methodology used by OUC are reasonable and adequately meet the requirements of Rule 25-17.0021, Florida Administrative Code. OUC appropriately used the RIM test to determine the cost-effective level of achievable DSM goals, and found that none of the tested measures were cost-effective. Therefore, OUC's proposed numeric conservation goals of zero for the period 2005 through 2014 should be approved.

REMARKS/DISSENTING COMMENTS:

VOTE SHEET

JULY 20, 2004

Docket No. 040035-EG - Petition for approval of numeric conservation goals by Orlando Utilities Commission.

(Continued from previous page)

Issue 2: Should the Commission acknowledge Orlando Utilities Commission's DSM Plan?

Recommendation: Yes. If staff's recommendation in Issue 1 is approved, OUC's numeric conservation goals will be set at zero and OUC should not be required to file a DSM Plan. However, OUC has already filed a DSM Plan, consisting of existing programs, which should be acknowledged by the Commission for informational purposes. OUC should not be required to file program standards.

**APPROVED**

Issue 3: Should this docket be closed?

Recommendation: If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order.

**APPROVED**
