**RE:** Confidentiality Recommendation Re: Document No. 08655-03 filed in Docket No. 031033-EI

---

I recommend that Tampa Electric Company's Request for Confidentiality for the highlighted portions of information contained in Document No. 08655-03 be granted confidential classification. The materials are portions of 2004 Tampa Electric Company's Fuel Procurement and Wholesale Power Purchases Risk Management Plan. The materials are what the utility asserts them to be and the utility has provided sufficient detail to perform a reasoned analysis of its request. The highlighted material is confidential business information because, per Subsection 366.093(3)d of the Florida Statutes, it includes "information concerning bids or other contractual data, the disclosure of which would impair the efforts of that company to contract for services on favorable terms." It also includes, per Subsection 3366093(3)e, "information relating to competitive interest, the disclosure of which would impair the competitive business of the provider of information.". Thus, the material appears to be confidential in nature and harm to the company or its ratepayers will result from public disclosure.
