Re: Docket No. 040246-WS

Director:

I have the following suggestion concerning the above referenced docket.

It would be appreciated if there was consistency with rule making concerning class C utilities (small utilities). A class C utility is currently determined by the gross revenue being less than \$200,000. I would suggest to the commission that they be consistent with this threshold for any additional rulings involving small utilities.

Thank you for your attention to this matter. Should you have any questions, please call me on my direct line (239) 489-3933.

Sincerely,

John J. Ustica, President
