COMMISSION  
CLERK

RE: Hurricane Charley

Dear Ms. Bayo:

Pursuant to Section 4.5.4 of BellSouth's Self Effectuating Enforcement Mechanism Administration Plan ("Plan"), approved by the Florida Public Service Commission on February 12, 2002, by Order No. PSC-02-0187-FOF-TP, BellSouth is not obligated for penalties under Tier 1 or Tier 2 Enforcement Mechanism for non-compliance with a performance measure if such non-compliance is the result of a force majeure event.

Hurricane Charley adversely affected service in the following counties late Friday, August 13, 2004: Orange, Seminole, Flagler, and Volusia. Hurricane Charley created major communications outages mostly as a result of power outages, downed poles, and rising water. There are areas in Orange County BellSouth is unable to fully access due to downed trees and power lines and concerns for safety. BellSouth has relocated network field forces from all over the state, but primarily from Brevard County, to the most severely affected areas.

The list of wire centers and associated NPA/NXXs defined as the service emergency geographic area is attached hereto. Please note that we have included the area of Brevard County due to the relocation of network field forces from there to the disaster areas.

After careful review it is estimated that it will take some time for BellSouth to recover and regain normal installation and repair activities in the areas listed in the attachment. However, BellSouth will provide updates to our recovery efforts and advise the Commission when the service emergency period is concluded. BellSouth views Hurricane Charley as a force majeure event relieving BellSouth of penalty obligations under this plan.
