Re: Docket No. 040001-EI

Dear Ms. Bayó:

On November 3, Florida Power & Light Company ("FPL") filed a Notice of Intent to Seek Confidential Classification (Staff's Sixth and Seventh Sets of Interrogatories), concerning FPL's answers to Interrogatory Nos. 47 and 48. Copies of the answers with the confidential information highlighted were filed along with the original of the Notice of Intent, and the copies of the answers were served on the parties of record with the confidential information redacted. It has come to my attention that some of the confidential information should not have been so designated. I am enclosing revised answers with only the more limited confidential information highlighted. I ask that you file these revised highlighted answers with the Notice of Intent and either return the original highlighted answers to me or confirm that you have destroyed them. Revised answers with only the more limited confidential information redacted are being served on all parties of record along with a copy of this letter.

Thank you for your assistance. I apologize for any inconvenience that the erroneous designation of confidential information may have caused. If there are any questions regarding this transmittal, please contact me at 305-577-2939.

Sincerely,

John T. Butler
