Dorothy,

Per the agreement and Sprint's note, below, please add "ALLTEL Wireless Holdings, LLC" to the docket description and the list of utilities/companies shown in CMS. I know the wireless provider isn't certificated by us, but the name should be shown. Let me know if you have a question on this.

Thanks.

Jeff,
I checked with the negotiator for this agreement. Alltel specified the names that were to appear on the agreement and we complied, so both company names should appear on the agreement. Do both names need to be mentioned on the cover letter or are we OK as is?
