041410-TL
041411-TX

Then go ahead and open two dockets and I'll contact them and explain they have to pay by January 30th whether or not the final order has been issued (or they need to amend their request for cancellation by stating they will pay all applicable late payment charges if the fees are paid after the due date). Thanks.

The letter states, "SBC Telecom will pay the Commission all regulatory assessment fees due not later than thirty days from the date of the final Commission order acknowledging cancellation of the certificates."

Hope you have a great weekend too.

I just checked and the 2004 RAFs for both have not been paid. Did they either pay 2004 RAFs or provide a date certain the fees would be paid? If not, I need to contact them first. Let me know document number after it has been scanned. Thanks and have a great weekend.

Subject: Open new dockets?

We have received a letter from SBC Long Distance, Inc. and SBC Telecom, Inc., both wholly-owned subsidiaries of SBC Communications Inc. They are notifying the Commission of the corporate reorganization and consolidation of the two affiliates. They believe that due to legislative changes, that reorg and consolidation do not require Commission approval. That said, they are requesting the Commission acknowledge cancellation of it's CLEC Cert No. 7030 and IXC Registration No. 7492. Should we proceed with opening 2 dockets for cancellation of the CLEC cert and IXC registration? Thanks for your help!
