Re: Docket No. 050010-EU - Petition for variance from or waiver of metering requirements of Rule 25-6.049(5)(a), F.A.C., by Beach House Owners Association, Inc.

Dear Mr. Mazo:

By this letter, the Commission staff requests that the Beach House Owners Association, Inc. (Beach House) provide responses to the following data requests:

1. Please explain and provide a breakdown of the specific costs to convert the Beach House from individual metering to master metering.
2. Please explain and provide a breakdown of the costs involved if the need were to arise to convert the Beach House from master metering back to individual metering.
3. The filing indicated that 6 of the 106 condominium units of Beach House were used for permanent occupancy. Are two or more of these six units owned by the same owner? Are the units occupied only by the unit owners or do the building manager and building personnel permanently occupy units on the premises?
4. Does the owner or building manager intend to install or has installed submetering equipment for the individual condominium units on the premises?
