This is in response to Order No PSC-04-PAAA-TC in Docket No 041050-TC. Please consider this a protest and/or offer of settlement to resolve this docket.

Colony 14 Communications was granted Pay Telephone Certificate 8097 on May 21, 2002.

With the recent problems with hurricanes and damage in the Florida area, we have diminished our route down to only 9 phones in the state of Florida. We are optimistic that this will change and would like to keep our certification for potential growth in the future. Our 2003 regulatory Assessment Fee including statutory late payment charges has been paid in full. This letter as we were made aware was missing to complete and/or resolve this docket. The company respectfully requests that the Commission accept its proposal to pay future fees in a more timely manner.
