**BELLSOUTH TELECOMMUNICATIONS, INC.'S
REPLACEMENT FOR REQUEST FOR SPECIFIED CONFIDENTIAL
CLASSIFICATION**

BellSouth Telecommunications, Inc. ("BellSouth"), pursuant to Rule 25-22.006, Florida Administrative Code, and Section 364.183, Florida Statutes, files this Request for Specified Confidential Classification.

1. On December 13, 2004, BellSouth filed its Response to Staff's First Set of Interrogatories (Nos. 1-9) and First Request for Production of Documents (Nos. 1-32), portions of which contain confidential business information.

2. In order for Staff to take immediate possession of BellSouth's responses, on December 13, 2004, BellSouth also filed a Notice of Intent, in particular, for the CD ROM provided in BellSouth's Response to Staff's First Request for Production, No.1, that contains confidential business, proprietary information. A more specific description of this information is provided in Attachment A. This item should be classified as proprietary, confidential business information pursuant to Section 364.183(3)(e), Florida Statutes and is exempt from the Open Records Act.

3. On January 3 and January 10, 2005, BellSouth filed its Request for Confidential Classification and a Replacement Request to describe exactly what portions were proprietary.

BellSouth hereby files a Replacement Request for Confidential Classification to further, and more exactly, describe what is proprietary.

4. Attachment B to BellSouth's Request for Confidential Classification is redacted copies of the documents containing the confidential information.

5. Attachment C to BellSouth's Request for Confidential Classification is proprietary highlighted copy of the confidential information.

6. The information discussed in this Request for Specified Confidential Classification is valuable, BellSouth treats this private financial information as confidential in all requests, and this information has not been generally disclosed.

7. The original of this Request was filed today with the Division of the Commission Clerk and Administrative Services and a copy was served on the Parties.

WHEREFORE, based on the foregoing, BellSouth respectfully requests that, pursuant to Section 364.183, Florida Statutes, the Commission enter an order declaring the information described above to be confidential, proprietary business information that is not subject to public disclosure.

Respectfully submitted this 31st day of January 2005.

**REQUEST FOR CONFIDENTIAL CLASSIFICATION OF BELL SOUTH'S RESPONSE
TO STAFF'S FIRST REQUEST FOR PRODUCTION, NO. 1, FILED DECEMBER 13,
2004, IN FLORIDA DOCKET NO. 041114-TP**

Explanation of Proprietary Information

1. This information contains business information related to competitive interests of BellSouth that is proprietary to BellSouth. The documents contain actual unit cost information for discrete cost elements. Public disclosure of this information would provide BellSouth's competitors with an advantage in that they would know the price or rate below which BellSouth could not provide the service. The data is valuable to competitors and potential competitors in formulating strategic plans for entry, pricing, marketing, and overall business strategies concerning these services. This same information on competitors is not available to BellSouth. Disclosure of this data would impair the competitive business and cause harm to BellSouth. Consequently, this information should be classified as proprietary, confidential business information pursuant to Section 364.183, Florida Statutes and is exempt from the Open Records Act.
2. This material is proprietary and confidential business information of a technical nature used by BellSouth in conducting its business and not commonly known by or available to the public. BellSouth derives economic value from this information not being generally known to, and not being readily ascertainable by competitors who can obtain economic value from its disclosure. Specifically, BellSouth's internal procedures for *Implementation of Single Network Element-Switch As-Is (SNE-SAI)*; *Single Network Element SPA to UNE (SNESAI) Conversion Marketing Service Description* provide description, service restrictions, appropriate forms, service order issuance requirements, installation intervals, repair procedures, etc. that are proprietary and confidential to BellSouth as it describes BellSouth's internal operations. Additionally, the information contains forecasted demand data and BellSouth's strategic schedule of deployment which competitors could use to gain an economic advantage.

Furthermore, this information has been prepared at great cost to BellSouth and therefore, others should not be permitted to gain the noncompetitive benefit from not having to develop these instructions and materials themselves. And, job aids have historically been protected by the Florida Public Service Commission. Therefore, this information is entitled to confidential classification pursuant to Section 364.183(3)(e) of the Florida Statute.

BellSouth Telecommunications, Inc. ("BellSouth"), pursuant to Rule 25-22.006, Florida Administrative Code, and Section 364.183, Florida Statutes, files this Request for Specified Confidential Classification.

1. On December 13, 2004, BellSouth filed its Response to Staff's First Set of Interrogatories (Nos. 1-9) and First Request for Production of Documents (Nos. 1-32), portions of which contain confidential business information.

2. In order for Staff to take immediate possession of BellSouth's responses, on December 13, 2004, BellSouth also filed a Notice of Intent, in particular, for the CD ROM provided in BellSouth's Response to Staff's First Request for Production, No.1, that contains confidential business, proprietary information. A more specific description of this information is provided in Attachment A. This item should be classified as proprietary, confidential business information pursuant to Section 364.183(3)(e), Florida Statutes and is exempt from the Open Records Act.

REQUEST FOR CONFIDENTIAL CLASSIFICATION OF BELL SOUTH'S RESPONSE
TO STAFF'S FIRST REQUEST FOR PRODUCTION, NO. 1, FILED DECEMBER 13,
2004, IN FLORIDA DOCKET NO. 041114-TP

Explanation of Proprietary Information

1. This information contains business information related to competitive interests of BellSouth that is proprietary to BellSouth. The documents contain actual unit cost information for discrete cost elements. Public disclosure of this information would provide BellSouth's competitors with an advantage in that they would know the price or rate below which BellSouth could not provide the service. The data is valuable to competitors and potential competitors in formulating strategic plans for entry, pricing, marketing, and overall business strategies concerning these services. This same information on competitors is not available to BellSouth. Disclosure of this data would impair the competitive business and cause harm to BellSouth. Consequently, this information should be classified as proprietary, confidential business information pursuant to Section 364.183, Florida Statutes and is exempt from the Open Records Act.
2. This material is proprietary and confidential business information of a technical nature used by BellSouth in conducting its business and not commonly known by or available to the public. BellSouth derives economic value from this information not being generally known to, and not being readily ascertainable by competitors who can obtain economic value from its disclosure. Specifically, BellSouth's internal procedures for *Implementation of Single Network Element-Switch As-Is (SNE-SAI); Single Network Element SPA to UNE (SNESAI) Conversion Marketing Service Description*. These documents provide description, service restrictions, appropriate forms, service order issuance requirements, installation intervals, repair procedures, etc. Additionally, the information contains forecasted demand data and BellSouth's strategic schedule of deployment which competitors could use to gain an economic advantage.

Furthermore, this information has been prepared at great cost to BellSouth and therefore, others should not be permitted to gain the noncompetitive benefit from not having to develop these instructions and materials themselves. Therefore, this information is entitled to confidential classification pursuant to Section 364.183(3)(e) of the Florida Statute.
