COMMISSION  
CLERK

Re: Docket No. 041293-EU

Dear Ms. Bayó:

On November 8, 2004, the City of St. Cloud and Progress Energy Florida initiated the subject docket by filing a Joint Petition for approval of a territorial agreement between the two utilities. The Joint Petition advised that the parties were preparing a set of large scale, color-coded maps that would identify their respective territorial areas in greater detail than the map included with the Joint Petition as an exhibit to the agreement, and that upon completion, the parties would submit the maps by supplemental filing for Commission approval in conjunction with the territorial agreement. The maps in question have now been completed.

Accordingly, please find enclosed for filing on behalf of the Joint Petitioners an original and seven copies of a supplemental set of maps that further define and delineate the parties respective territorial areas established by their territorial agreement. As contemplated by the Joint Petition, these maps are intended to supplement the territorial agreement and are, therefore, a part of and subject to the approval sought by the Joint Petition to the same extent as the agreement.

Please acknowledge your receipt of the above filing on the enclosed copy of this letter and return to the undersigned. A 3½ inch diskette containing the above-referenced maps in PDF format is also enclosed. Thank you for your assistance in this matter.
