**PROGRESS ENERGY FLORIDA, INC.'S AMENDED CONFIDENTIAL
RESPONSE TO COMMISSION STAFF'S FIRST SET OF INTERROGATORIES
TO PROGRESS ENERGY FLORIDA, INC. (NO. 26)**

Pursuant to Fla. Admin. Code R. 28-106.206, and Rule 1.340, Fla. R. Civ. P., Progress Energy Florida, Inc. ("PEF") amends its response to the Staff of the Florida Public Service Commission's First Set of Interrogatories (No 26) to correct a typographical error and states as follows:

On January 31, 2005, PEF served its responses to Staff's First Set of Interrogatories. Portions of PEF's responses to those interrogatories contain confidential information, and PEF has filed a request for confidential classification regarding that information.

After serving its aforementioned responses, PEF discovered a typographical error in its response to Interrogatory 26. The typographical error in question is in a portion of PEF's response to Interrogatory 26 that has been marked confidential. Accordingly, PEF has filed a corrected response to Interrogatory 26 under seal, herewith to replace the original response filed on January 31, 2005.

Attached as "Exhibit A" to this filing is a sealed envelope containing a confidential copy of PEF's amended response to Staff's Interrogatory 26 with the confidential portions of that amended response highlighted. This amended response

should be afforded confidential treatment pending a ruling on PEF's January 31, 2005 request for confidential classification in this matter.

INTERROGATORIES

26. Please list and describe the reasons for the difference in capital investment between the first and second alternatives.

Answer:

Certain gas infrastructure facility additions and/or improvements are required in conjunction with delivering natural gas to the Hines 4. The following table summarizes the facility additions and/or improvements along with estimated capital costs.

[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]

The amount of capital investment reflected in each alternative is a function of how much capital each of the bidders was willing to absorb and recover through its respective proposed transportation rates. The bidder for the GOM Based alternative was willing to absorb \$ [REDACTED] of capital investment (summarized above), resulting in Progress Energy Florida to fund the remaining \$ [REDACTED] of capital. For the Cypress alternative, FGT was willing absorb the cost for [REDACTED], resulting in Progress Energy Florida to fund the \$ [REDACTED]. For the Bahamas Based alternative, the bidder was willing to absorb the [REDACTED] resulting in Progress Energy Florida to fund the \$ [REDACTED].
