**PROGRESS ENERGY FLORIDA'S FOURTH REQUEST
FOR CONFIDENTIAL CLASSIFICATION**

Progress Energy Florida ("PEF" or the "Company"), pursuant Section 366.093, Fla. Stats., and Rule 25-22.006, F.A.C., requests confidential classification of the redacted portions of the Direct Testimony of Sheree L. Brown on behalf of The Florida Industrial Power Users Group. Specifically, portions of the testimony in question contain confidential information that should not be disclosed to the public. In support of this request, PEF states as follows:

The Confidentiality of the Information at Issue

Section 366.093(1), Florida Statutes, provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." § 366.093(1), Fla. Stats. Proprietary confidential business information means information that is (i) intended to be and is treated as private confidential information by the Company, (ii) because disclosure of the information would cause harm, (iii) either to the Company's ratepayers or the Company's business operation, and (iv) the information has not been voluntarily disclosed to the public. § 366.093(3), Fla. Stats. Specifically, subsection 366.093(3)(c) defines "information relating to competitive interests, the disclosure of which

would impair the competitive business of the provider of the information,” as proprietary confidential business information.

The aforementioned portions of the testimony of Sheree L. Brown should be afforded confidential treatment for the reasons set forth in the Affidavit of Javier Portuondo filed in support of PEF’s Fourth Request for Confidential Classification and for the following reasons. Portions of this testimony contain proprietary confidential business information that is intended to be and is treated as private confidential information that has not been voluntarily disclosed to the public. See Affidavit of Javier Portuondo at 6. Specifically, the testimony in question contains confidential information as follows:

1. Page 13 of Ms. Brown’s testimony, lines 6-12, contains the substance of e-mail exchanges between PEF and its outside accountants. This information is confidential and should not be publicly disclosed because such disclosure would have a chilling effect on communications between PEF and its accountants and would impair PEF’s competitive business interest by obstructing PEF’s ability to have open communications with its accountants regarding PEF’s business. See Affidavit of Javier Portuondo at 5.

2. Page 15 of Ms. Brown’s testimony, Lines 4-18, contains information regarding PEF’s projected budgets and budget variances. This information is proprietary confidential business information that would impair PEF’s competitive business interests if it were disclosed to the public, to PEF’s suppliers, or to PEF’s competitors. Specifically, if PEF’s suppliers or competitors were made aware of PEF’s estimated budgets or budget variances, they may adjust their behavior in the market place with respect to activity such as pricing and the acquisition and provision of goods, materials, and services. See Affidavit of Javier Portuondo at 5

Conclusion

The competitive, confidential information at issue in this request fits the statutory definition of proprietary confidential business information under Section 366.093 and Rule 25-22.006, F.A.C. Separate sealed envelopes containing one copy of the confidential testimony for which PEF intends to request confidential classification with the appropriate section, pages, or lines containing the confidential information highlighted is enclosed herewith as Attachment "A." **This information should be accorded confidential treatment pending a decision on PEF's request by the Florida Public Service Commission.**

Additionally, two copies of the confidential testimony with the information that PEF intends to request confidential classification redacted by section page, or lines, are also included herewith as Attachment "B."

Attachment "C" hereto contains a justification matrix supporting PEF's request for confidential classification of the highlighted information contained in Attachment A.

WHEREFORE, PEF respectfully requests that portions of the Direct Testimony of Sheree L. Brown on behalf of The Florida Industrial Power Users Group described in Attachment C be classified as confidential for the reasons set forth above.

Respectfully submitted this 25th day of February, 2004.
