by Florida Power & Light Company.	)	Filed: February 28, 2005

## FLORIDA POWER & LIGHT COMPANY'S PRELIMINARY LIST OF ISSUES

Florida Power & Light Company ("FPL") hereby submits its preliminary list of issues and positions in this proceeding:

- 1. Were the costs FPL has booked to the Storm Damage Reserve reasonable and prudently incurred?
- 2. Is FPL's objective of safe and rapid restoration of electric service following tropical storms appropriate?
- 3. Is FPL's approach for booking storm restoration costs consistent with safe and rapid restoration of electric service following tropical storms?
- 4. Were the costs that FPL has booked to the Storm Damage Reserve consistent with the methodology in the study filed on October 1, 1993 by the Company in Docket No. 930405-EI and approved by the Commission in Order No. PSC-95-0264-FOF-EI, issued February 27, 1995?
- 5. Should the Commission take into account the revenue impact of the 2004 storm season? If so, what adjustments should be made?
- 6. If the commission were to change the standards for charging expenses to the Storm Damage Reserve, should the changes be prospective only?
- 7. Would FPL's proposal result in recovering more than actually incurred in storm-restoration-related activities in connection with the 2004 storm season?

FPL reserves the right to propose modifications or otherwise comment on the issues proposed by Staff or other parties to this Docket.

## Respectfully submitted this 28th day of February, 2005.
