BELLSOUTH’S MOTION TO MOVE ISSUES TO GENERIC PROCEEDING

BellSouth Telecommunications Inc. (“BellSouth”) requests that the Florida Public Service Commission (“Commission”) move several arbitration issues to the generic proceeding in Docket No. 041269-TP (“Generic Proceeding”) for consideration and resolution and find that several other issues are moot. In support of this motion, the Parties state the following:

1. BellSouth and NewSouth Communications Corp., NuVox Communications Corp., KMC Telecom V, Inc., KMC Telecom III, LLC, and Xspedius Communications, LLC on Behalf of its Operating Subsidiaries Xspedius Management Co. Switched Services, LLC and Xspedius Management Co. of Jacksonville, LLC (collectively “Joint Petitioners”) are currently engaged in an arbitration proceeding conducted pursuant to Section 252 of the Telecommunications Act of 1996 (the “Act”) before the Commission. The hearing of the arbitration is currently scheduled for April 26-28, 2005.

2. Several of the issues the parties are arbitrating are similar if not identical in nature to issues being addressed and raised in the Generic Proceeding. These issues include: Issues 23, 26, 36, 37, 38, 51, 108, 113, and 114 (including subparts) currently pending in the arbitration (“Arbitration Issues”). To avoid the Commission having to hear the same issues on multiple occasions and to conserve the Parties’ and the Commission’s time and resources, BellSouth

requests that the Commission move the Arbitration Issues to the Generic Proceeding for consideration and resolution.

3. In requesting that the Commission move the Arbitration Issues to the Generic Proceeding, BellSouth does not waive any arguments relating to the Arbitration Issues, including whether the Commission has jurisdiction to resolve them.

4. Further, to the extent the parties have not negotiated otherwise, BellSouth requests that the Commission order the Parties to incorporate the Commission's findings relating to the Arbitration Issues in the Generic Proceeding into the new agreement being arbitrated.

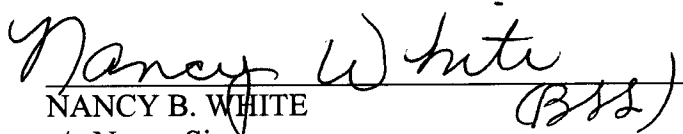

5. In addition, as a result of the Federal Communications Commission's ("FCC") decision in the *Triennial Review Remand Order*, FCC 04-290, WC Docket No. 04-313, CC Docket No. 01-338 (rel. Feb. 4, 2005) ("TRRO"), several additional issues relating to the FCC's *Order and Notice of Proposed Rule Making* in WC Docket No. 04-313, CC Docket No. 01-338 ("Interim Rules Order") are now moot ("Moot Issues"). These issues include: Issues 109, 110, 111, and 112.

6. BellSouth has discussed this Motion with the Joint Petitioners and reports that the Joint Petitioners will be filing a response.

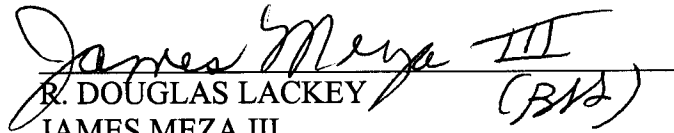

WHEREFORE, for the foregoing reasons, the BellSouth requests that the Commission move the Arbitration Issues to the Generic Proceeding for consideration and resolution and find that the Moot Issues are moot.

Respectfully submitted this 25th day of March, 2005.
