RE: Docket No. 050170-TP – Emergency petition of AmeriMex Communications Corp. for Commission order directing BellSouth Telecommunications, Inc. to continue to accept new unbundled network element orders pending completion of negotiations required by "change of law" provisions of interconnection agreement in order to address the FCC's recent Triennial Review Remand Order (TRRO). *MB*

Please be advised that AmeriMex Communications Corp. filed a letter on March 22, 2005, notifying the Commission that it had signed a commercial agreement with Verizon which rendered its Petition in the above referenced docket moot. Staff has determined that there are no pending issues that need to be addressed by the Commission regarding the filing and no previous agency action has been taken. Therefore, this docket may be administratively closed. Thank you.
