**Re: Response to Competition Data Request**

Dear Harriet:

NEFCOM filed a "Notice of Intent" in connection its response to the staff's 2004 data request regarding local competition. That notice is Document No. 07407-04 in Docket No. 040000-PU.

As a result of our conversation this morning, I understand that NEFCOM intended this filing to constitute a "Claim of Confidentiality" under section 364.183(1), Florida Statutes, and rule 25-22.006(5), Florida Administrative Code.

Please confirm that my understanding is correct so that we can properly reflect the status of the data response in the Commission's internal tracking systems.

If you have any questions, please give me a call.

Very truly yours,

Richard D. Melson
