Re: Request for State Waiver to Obtain Growth Block

SBC Telecom (SBCT), Inc., respectfully submits this request for approval of a State Waiver to obtain an additional growth block from NeuStar, Inc., for the purpose of providing Hosted Internet Protocol Communication Services (HIPCS) Voice over Internet Protocol (VoIP) service to customers served out of the Fort Lauderdale rate center in Florida.

On April 12, 2005, SBCT submitted a Part 1A and a Months to Exhaust (MTE) and Utilization Certification Worksheet - TN Level in the Pooling Administration System (PAS); copies of the Part 1A and MTE worksheet have been attached to this request. One block was requested for the Fort Lauderdale rate center. At the completion of the block request, PAS generated an error message indicating that the required utilization level was not met. SBCT currently has three blocks assigned in the Fort Lauderdale rate center, the 0, 1, and 9 blocks in 954-687 have been established out of the PMBHFL99DSO switch. The new block that SBCT is seeking would be served out of the PMBHFL99AMD switch to facilitate our VoIP customers. Although we do not meet the utilization threshold nor months to exhaust utilization at this time, it is necessary to obtain an acceptable block out of the PMBHFL99AMD switch.
