**FROM:** Denise N. Vandiver, Chief of Auditing, Division of Regulatory Compliance & Consumer Assistance *DNV*  
**RE:** Docket No. 050245-EI; Florida Power & Light Company; Request for Confidential Classification

---

Staff conducted an audit of the 2003 Regulatory Assessment Fee paid by FPL Fibernet (TX603). During this audit we received information that the company indicated should be held pending a formal request for confidentiality. These audit work papers and the audit report will be delivered to the Division of Commission Clerk and Administrative Services as soon as we complete our final review.

Florida Power & Light Company (FPL) filed a formal request for confidential classification on April 7, 2005. The cover memo of the request did not indicate that the information pertained to a telecommunications company. Docket No. 050245-EI was opened to address this request. Because this information was from an audit of the telecommunications company, the company filed a letter dated April 11, 2005 requesting that the request be treated as a claim.

Claims for confidential treatment do not require a docket to be opened. Therefore, please close this docket as there is no further need to follow up on the request for confidential classification.
