Re: Docket No. 030443-WS  
Application for rate increase in Pasco County by Labrador Utilities, Inc.

Dear Mr. Rendell:

Pursuant to Proposed Agency Action Issue 1, we submit the enclosed status report of meters tested as of April 13, 2005. The spreadsheet reflects the total number of meters tested and replaced to date. In summary, we have tested 235 out of 900 meters in the system and have replaced 61 meters due to inaccuracy. Adjustments have been made to customers' accounts in the case of those meters registering fast.

We are continuing our efforts and expect to meet the PSC deadline to have all meters tested by June 30, 2005. If you have any questions, please feel free to contact me at 407-869-1919 ext. 235 or Patrick Flynn, Regional Director, at ext. 228.

Sincerely,

Karen Sasic  
Office Manager
