Okeechobee, FL 34974

Re: Docket No. 040801-SU, Application for grandfather certificate to operate wastewater utility in Okeechobee County by The Vantage Development Corporation.

Dear Mr. Hazellief:

As you are probably aware, the Commission voted at yesterday's agenda to grant The Vantage Development Corporation wastewater certificate No. 537-S. However, the docket is to remain open pending receipt of a statement, with supporting documentation, from the utility that it has established books and records in compliance with the NARUC uniform system of accounts, including the ability to provide separate general ledgers for utility and non-utility records. The statement is due within 30 days from the date the utility files its 2004 annual report.

By May 23, 2005, an order will be issued reflecting the Commission's decisions at yesterday's agenda. Shortly thereafter, under separate cover, you will be receiving your certificate and stamped-approved tariff. Please ensure that these official documents are retained in the utility's office for access by your customers.

If you have any question, please feel free to contact a member of my staff, Patricia Brady, at (850) 413-6686 or pbrady@psc.state.fl.us.

Sincerely,

Patti Daniel
Supervisor of Certification
