RE: Docket No. 050281-SU - Request for rate increase by Plantation Bay Utility Company

By letter dated April 20, 2005, Plantation Bay Utility Company (Plantation Bay) previously requested approval to use a historical base year ended December 31, 2004 for a wastewater only rate case filing. By letter dated May 3, 2005, The Commission approved this request.

Subsequently, by letter dated May 23, 2005, the utility indicated that there was a typographical error in its test year approval request letter in that it only referenced a wastewater rate increase. The utility indicated that it intended to request an increase for both water and wastewater rates.

Therefore, the docket suffix should be changed from "SU" to "WS" to reflect this change.

Re: Plantation Bay Utility Company; 2005 General Rate Increase Application
Docket No.: 050281-SU
Our File No. 36062.06

Dear Chairman Baez:

I noticed after receiving your approval of a test year for Plantation Bay Utility Company that there was a typographical error in our test year request letter in that it only referenced a wastewater rate increase, whereas it was intended to request an increase in both water and wastewater rates. Therefore, I would appreciate it if you could issue an amended Test Year Approval letter accordingly.

I apologize for any inconvenience this error may have caused.

Very truly yours,

MARTIN S. FRIEDMAN
