DOCKET NO. 041393-EI
ORDER NO. PSC-05-0607-CFO-EI
ISSUED: June 1, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 04975-05)

On May 20, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(3), and (4), Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of certain information provided in Exhibit SSW-6 to the rebuttal testimony of Samuel S. Waters (Document No. 04975-05).

Section 366.093(1), Florida Statutes, provides that “any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act].” Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to “[t]rade secrets” (subsection a); “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” (subsection d); and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information” (subsection e).

PEF contends that Exhibit SSW-6 to the rebuttal testimony of Samuel S. Waters falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF requests that all of Exhibit SSW-6 be granted confidential classification.

PEF contends that this information is intended to be and is treated as private and has not been voluntarily disclosed to the public. PEF states that Exhibit SSW-6 provides a comparison of the total fixed costs associated with the two Unit Power Sales (UPS) Agreements between PEF and Southern Company with the fixed costs included in response to PEF’s Request for Proposals for Hines Unit 4. PEF states that public disclosure of cost information and contractual terms would provide potential power suppliers with knowledge of pricing that PEF has negotiated. This knowledge would give suppliers significant competitive advantages in future negotiations, by impairing PEF’s ability to contract for goods and services on competitive and

favorable terms. PEF also asserts that, in order to obtain such contracts, PEF must be able to assure potential power suppliers that sensitive business information, such as the quantity and pricing terms of their contracts, will be kept confidential.

Upon review, it appears that the above-referenced information contained in Exhibit SSW-6 to the rebuttal testimony of Samuel S. Waters satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and shall be treated as confidential. In particular, the information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the company to contract for services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

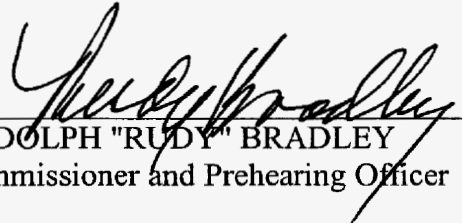

Based on the foregoing, it is

ORDERED by Commissioner Rudolph “Rudy” Bradley, as Prehearing Officer, that Progress Energy Florida, Inc.’s Request for Confidential Classification of Document No. 04975-05 is granted. It is further

ORDERED that the information in Document No. 04975-05, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this
1st day of June, 2005.

RUDOLPH "RUDY" BRADLEY
Commissioner and Prehearing Officer
