Re: Docket Nos. 010492-WS and 030682-WS  
June Status Report Regarding Zellwood Station Cooperative Transfer to Orange  
County

Dear Ms. Brubaker:

Pursuant to our prior commitment with the Florida Public Service Commission, I am providing to you and all other parties to this proceeding our status report of activities concerning the transfer of the water and sewer plants from Zellwood Station Cooperative to Orange County for the month of June, 2005.

During the month of June, Zellwood, Orange County and City of Apopka have been working to designate the points of connection which will be used to transition service for Zellwood Station Community Association retail customers from the existing treatment facilities to the bulk services from the City of Apopka after the closing on this sale. Based on the anticipated points of connection with the utility system of the City of Apopka and work needed to achieve a smooth transition of service, the City of Apopka has indicated that an October, 2005 closing for the sale of the Zellwood system is a reasonable target.

If you, or anyone else has any questions, comments or concerns whatsoever regarding this or any other issue related to this transaction, please don't hesitate to contact us. Copies of any documents referred to in this letter are available upon request.

Very truly yours,

Thomas A. Cloud, Esquire
