[RESERVED FOR FUTURE USE]

RATE SCHEDULE RLM
RESIDENTIAL LOAD MANAGEMENT

AVAILABILITY:

~~Available throughout the entire territory served by the Ocala Electric Utility.~~

APPLICATION:

~~To customers receiving service under Rate Schedule RS 1 who elect to participate in this program by signing the Customer Agreement and who utilize at least one of the following installed electrical appliances on the premises:~~

- ~~1. Conventional Electric Water Heater — 30 gallon minimum capacity~~
- ~~2. Central Electric Air Conditioning.~~
- ~~3. Central Electric Heating~~

~~This schedule is not applicable for service to commonly owned facilities of condominium, cooperative or homeowner's associations.~~

MONTHLY LOAD MANAGEMENT CREDITS:

<u>Appliance</u>	<u>Applicability</u>	<u>Credit</u>
1. Conventional Electric Water Heater	Year round	\$1.50
2. Central Electric Air Conditioning	April-October	\$2.50
3. Central Electric Heat	November-March	\$2.50

~~Credits are applied to participating Customer's bills each month that they use 500 KWH or more.~~

INTERRUPTION SCHEDULES FOR ELECTRICAL APPLIANCES:

~~The Customer's participating electrical appliances will be interrupted only during the following periods, except during critical capacity conditions or emergencies, in which case interruptions may occur at any time:~~

~~Summer — April 1 through October 31: 12:00 NOON to 10:00 PM~~
~~Winter — November 1 through March 31: 6:00 AM to 11:00 AM and~~
~~6:00 PM to 11:00 PM.~~

~~Times are prevailing clock times.~~

First Revised Sheet No. 6A1
Canceling ORIGINAL SHEET No. 6A1

Page 2 of 3
Continued from Page 1

~~The interruption schedules available for each appliance are as follows:~~

- ~~1. Conventional Electric Water Heating may be interrupted up to five (5) hours during peak periods.~~
- ~~2. Central Electric Air Conditioning may be interrupted a total of fifteen (15) minutes out of any thirty (30) minute period during peak periods.~~
- ~~3. Central Electric Heating may be interrupted a total of fifteen (15) minutes out of any thirty (30) minute period during peak periods.~~

~~During times of critical capacity conditions, emergencies affecting the City of Ocala Electric Utility System, or interruptions in service caused by acts of God, pestilence, or other causes beyond the control of the City of Ocala Electric Utility, the Utility reserves the right to impose greater or lesser interruptions of electrical service on the Customer notwithstanding the limitations on such interruptions contained in this agreement.~~

TERMS OF SERVICE:

~~During service under this schedule, a Customer may change the selection of electrical appliances connected to the load management equipment or discontinue service under this schedule by giving the Ocala Electric Utility seven (7) days advance notice. If the Customer requests to have one or more appliances removed from participation in the program, the Customer will be ineligible to participate with such appliance(s) again in the program for six (6) months from the time participation ended.~~

SPECIAL PROVISIONS:

- ~~1. The Customer shall give the Ocala Electric Utility reasonable access for installing, maintaining, testing and removing the utility's load management equipment and for verifying that the equipment effectively controls the Customer's appliances.~~
- ~~2. The Ocala Electric Utility shall not be required to install load management equipment if the installation cannot be economically justified for reasons such as: Excessive installation costs, oversized/undersized heating or cooling equipment or abnormal utilization of equipment, including vacation or other limited occupancy residences.~~

Continued from Page 2

- ~~3. Multiple units of any particular appliance type must all be connected with load management equipment to qualify for the credit attributable to this appliance type. In such circumstances, only a single credit for this appliance type will be applied.~~
- ~~4. If the Ocala Electric Utility determines that the Customer no longer uses one or more of the appliances signed up for program participation, the Utility has the right to remove the appropriate load management equipment and to discontinue those credits.~~
- ~~5. Billing under this schedule will commence with the Customer's next full billing period following installation and inspection of the load management equipment.~~
- ~~6. If the Ocala Electric Utility determines that the effect of equipment interruptions has been offset by the Customer's use of supplementary or alternative electrical equipment, service under this schedule may be discontinued and the Customer billed for all prior load management credits received.~~
- ~~7. If the Ocala Electric Utility determines that its load management equipment on the Customer's premises has been rendered ineffective by mechanical, electrical or other devices or actions, the Utility may discontinue service under this schedule and re-bill for all prior load management credits received by the customer, unless a specific tampering date can be established, in which case prior load management credits shall be recouped from and after the tampering date. In either case the re-bill shall also include applicable investigative charges.~~
- ~~8. The Customer, if he is not the owner of the premises applying for service under this schedule, is required to obtain the landlord's written permission for the Ocala Electric Utility to install the load management equipment.~~
- ~~9. The Customer shall release, indemnify, protect, defend and hold the Ocala Electric Utility harmless from and against any and all claims, liabilities and expenses whatsoever, including but not limited to court costs, litigation expenses and attorney's fees, arising out of or in any way related to any services provided under this agreement, whether such claims, liabilities and expenses are due to the negligence of the City of Ocala Electric Utility or any other cause whatsoever, and the City of Ocala Electric Utility shall not be liable to the Customer for any such damages or costs suffered by the Customer.~~
