Re: Adelphia Telecommunications of Florida, Inc. Interexchange Carrier Market Exit

Dear Director Bayo:

Adelphia Telecommunications, Inc. ("Adelphia") would like to withdraw the request it made on May 24, 2005, to cancel Interexchange CPCN TX180 #5263 and any tariffs on file. Adelphia very recently received a potential offer to purchase its long distance services and customer base. The sale of Adelphia's long distance services would enable Adelphia to transfer its customer base to another long distance provider rather than discontinue service to these customers.

Adelphia has not yet sent a letter to its customers in Florida informing them of the discontinuance of their long distance services. In the event that the sale does not proceed and Adelphia must discontinue long distance services in Florida, Adelphia will resubmit its request for cancellation of its CPCN and tariffs and give its customers at least 60 days notice by letter of the discontinuance. If the Public Service Commission would like Adelphia to take any further action at this time in relation to the potential sale of its long distance services and customer base, or if Adelphia can provide any further information, please do not hesitate to contact us.
