Kay,

Leigh Ann submitted one letter, but it is an MCI request for two separate corporate name changes.

One is meant for both TJ032 and TS185 from MCI WorldCom Communications, Inc. to MCI Communications Services, Inc. These could be combined into one TP docket.

One is meant for TI731 from MCI WorldCom Network Services, Inc. to MCI Network Services, Inc. It could stay as 050487-TI.

All name changes are valid on the Sec of State site. Can you use one letter to open two different dockets?
