3.4 Service Offerings

Telecom Colombia USA Prepaid Calling Card Service

Telecom Colombia USA Prepaid Calling Card Service is a switched access service available to Customers via a Toll Free Access number or Local Access number. The Customer may purchase a Prepaid Calling Card at a variety of retail outlets or through other distribution channels. After a call has been placed to the Toll Free or Local Access number, the caller is prompted by an automated voice response system to enter his/her account number, and then to enter the terminating telephone number. The total price of each call is deducted from the prepaid amount on the Customer's Prepaid Calling Card. Should the balance on the Card approach zero, the Caller is so advised, and, if desired, the caller may enter a valid account number on a separate Prepaid Calling Card or, where applicable, may enter a valid commercial credit card number to continue the call.
