Subject: 050455-TI and also applies to 050454Casr Company Name

Importance: High

Hi Hong,

I just checked the Secretary of State, the IXC registration form, the CLEC application and called the company.

The company name should be listed with a typo as follows:

InterLink Global,Corp.

It is listed on the IXC registration form this way.

Since the company filed with the Secretary of State and requested the name as above, they will need to file an administrative change to add a space. They plan to do that, but do not want to delay the current CLEC and IXC application process. They will file a name change at a later date and add the space back.

With this email, please change the company name on both of the above dockets as it is listed, without the space and with the capital L in GlobalLink.

Thank you,
