**Subject:** RE: GS031 - Reedy Creek Energy Services

I had not gotten to it in my pile. I found the memorandum and reviewed it.

After my evaluation it is recommended that the requested change be make. Edward

**Subject:** GS031 - Reedy Creek Energy Services

Good morning Ed! On 8-2-05 I sent you a memo with attachments from Mr. Tucker on behalf of the above utility, in which he is advising that their name needs to be changed to Reedy Creek Improvement Dirstrict - Utilities Division in the gas safety list. As of today I have not had a response back from you or one of your staff members advising that I can update their name in Master Commission Directory (MCD). I have to have an OK from staff regarding this request, since this type of utility does not have to have prior approval from the Commission before it is done, as do the certificated/registered companies/utilities do, in which a docket is opened and then the request is acknowledged by staff either by memo or an order. Until I hear back from you I cannot update the name, please let me know as soon as you can if this is OK to do. Thank you.

Attention Ms. Grant

65031

Ms. Grant:

Per our discussion on July 25<sup>th</sup>, 2005 I have attached the Change of Information on Regulated Utility form.

The reason for this change is to clarify that Reedy Creek Improvement District is the owner of the gas utility and has a contract with Reedy Creek Energy Services to operate and maintain the utility.

Steve Tucker will remain as the contact for the utility.

Your attention to this request is appreciated. If you need additional information please call me at (407) 824-4026.

Sincerely,

Steve Tucker  
Director  
Reedy Creek Energy Services

**RE:** GS031 - Reedy Creek Energy Services

---

I received the attached letter with an attachment today from Mr. Steve Tucker on behalf of the above Company for your information and further handling. He is requesting that we change the name from Reedy Creek Energy Services to Reedy Creek Improvement District.

This is a follow-up to a phone conversation that we had July 25<sup>th</sup>, 2005, in which, he indicated that they would like to change their name for a better clarification, as stated in the letter. I advised Mr. Tucker I could not change the name until they sent in a written notification and then staff after reviewing that and would advise me to updating their name we currently have listed in Master Commission Directory (MCD) to the new name. I do know that the gas safety entity do not have to request permission prior to change their name, but I have to have staff's acknowledgement before I can officially make the change.

Please review and advise me that it will be OK to update their name on the "Gas Safety" list. This can be done by an e-mail. I have made some changes listed on the form for change of information in MCD by adding Mr. Tucker's name to the mailing address and changed the physical location to what is listed on the form attached to the letter.

Thanks for your help.
