BELLSOUTH'S PROPOSED ISSUES

BellSouth Telecommunications, Inc. ("BellSouth") hereby submits the following proposed list of issues to be discussed at the Issue Identification Conference scheduled for September 9, 2005, in the above-captioned proceeding:

1. Is Miami-Dade County operating as a telecommunications company at any County-owned airports?
2. If the Commission determines that the County is operating as a telecommunications company, what type of telecommunications company is it operating as?
3. If Miami-Dade County is operating as a telecommunications company, is it subject to the jurisdiction of the Commission?
4. If the Commission determines that the County is operating as an STS provider, does Commission Rule 25-24.580 (Airport Exemption Rule) exempt the County:
 - (a) from the requirement to secure a certificate of public convenience and necessity from the Commission as an STS provider; or
 - (b) from any other Commission requirements applicable to STS providers, including, for example, payment of regulatory assessment fees?
5. If the Commission determines that the answer to (4)(b) is yes, from what other requirements applicable to STS providers is the County exempt?

Respectfully submitted this 29th day of August, 2005.
