REVISED REQUEST FOR CONFIDENTIAL CLASSIFICATION OF CERTAIN MATERIALS PROVIDED PURSUANT TO RATE CASE AUDIT

NOW, BEFORE THIS COMMISSION, through the undersigned counsel, comes Florida Power & light Company ("FPL") and, pursuant to Rule 25-22.006, Florida Administrative Code, and Section 366.093 of the Florida Statutes, hereby requests confidential classification of certain work papers provided to the Florida Public Service Commission ("FPSC" or "Commission") staff ("Staff") in connection with the rate case audit (hereinafter the "Audit"). In support of its request, FPL states as follows:

1. During the Audit, Staff requested access to various FPL reports and other documents. By letter dated June 10, 2005, Staff indicated its intent to retain certain audit work papers. Pursuant to Rule 25-22.006(3)(a), Florida Administrative Code, FPL was given 21 days from the date of the letter, or until July 1, 2005, to file a formal request for confidential classification with respect to such work papers.

2. On July 1, 2005, FPL filed its Request for Confidential Classification of Certain Materials Provided Pursuant to Rate Case Audit (the "July 1, 2005 Request").

3. On August 18, 2005, Staff and FPL held discussions related to the July 1, 2005 Request.

4. Pursuant to those discussions, FPL hereby files this its Revised Request for Confidential Classification of Certain Materials Provided Pursuant to Rate Case Audit (the "Revised Request").

5. FPL expressly adopts and incorporates herein by reference the July 1, 2005 Request, including all exhibits, and makes revisions, as described in Paragraph 6 hereof, to the exhibits.

6. The exhibits are revised as follows:

(a) Exhibit A consists of all documents for which FPL seeks confidential treatment, whether in whole or in part. All information in Exhibit A that FPL asserts is entitled to confidential treatment has been highlighted. Only revised pages of Exhibit A are attached hereto and submitted separately in a sealed folder marked **"CONFIDENTIAL"**.

(b) Exhibit B consists of edited versions of all documents for which FPL seeks confidential treatment. All information for which FPL requests confidential treatment has been redacted in Exhibit B. Only revised pages of Exhibit B are attached hereto.

(c) Revised Exhibit C is a table containing a line-by-line and page-by-page identification of the information for which confidential treatment is sought and, with regard to each document or portions thereof, references to the specific statutory basis or bases for the claim of confidentiality and to the affidavits in support of the requested

classification. Revised Exhibit C is sometimes referred to hereinafter as the "Justification Table".

(d) Composite Exhibit D includes the affidavits of Richard F. Engstrom, Daisy E. Jacobs, T.O. Nasby, Gerard J. Yupp, E.S. Bowman, Mark L. Morgan, Jack Kogan, John Hartzog, Keith S. Kennedy, Rodney B. Adams, John Easterling, Robert Onsgard, Jerry Sobel, and Brian D. Spaulding in support of this request. Composite Exhibit D remains unchanged from the July 1, 2005 Request (except that the affidavit of Mark L. Morgan is withdrawn), and is incorporated herein by reference.

7. FPL submits that the highlighted information in Exhibit A, as revised, is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. To the best of FPL's knowledge, the highlighted information has not been publicly disclosed. Pursuant to Section 366.093, Florida Statutes, such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

8. As the affidavits comprising Exhibit D indicate, certain highlighted information consists of information concerning bids or other contractual data, including contractual vendor data, such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms in the future to the detriment of FPL and its customers. This information is protected by Section 366.093(3)(d), Florida Statutes. In addition, certain information is competitively sensitive insofar as FPL's contractors and vendors are concerned insofar as disclosure of such information could afford their competitors an unfair advantage in

competing for both FPL and non-FPL contracts. This competitively sensitive information is proprietary confidential business information pursuant to Section 366.093(3)(e), Florida Statutes. In addition, certain of the highlighted information includes information concerning internal auditing controls and reports of internal auditors and security measures and controls. This information is protected by Section 366.093(3)(b) and (c).

9. Upon a finding by the Commission that the material in Exhibit A, as revised, for which FPL seeks confidential treatment is proprietary confidential business information within the meaning of Section 366.093(3), pursuant to Section 366.093(4) such materials should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its revised request for confidential classification be granted.

Respectfully submitted,
